The Deutsch-Britische Gesellschaft München e.V. offers you the opportunity to find out about various Anglo-German topics through a regular programme of talks and events.

# To foster and strengthen German-British relations in the cultural, political, scientific and economic fields

The German-British Society Munich aspires to deepen Anglo-German relations and to achieve this goal it organises monthly talks by experts in the various fields. The talks are given in German or English and are followed by a question and answer session and discussion over a glass of wine.

We thereby provide a framework for a lively exchange of views on German-British topics.
